

# Guide to connect to Interactive Board using School Issued Laptop

## Preparing the board for screenshare:

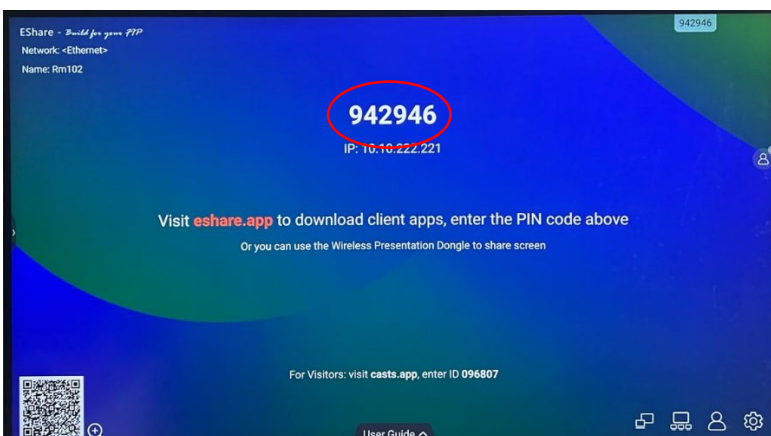

On the Interactive board, return to the home page by clicking on the gear/ left arrow icon on the edge of the screen. Click **“Home”** button

On Fujitsu Board , Click **“ ESharePro X”**

You will be shown a screen that looks like this, take note of the 6 digit passcode. This will be renew every 10 minutes.

**Step 1** – Run KIS EShare (The Icon is located on your desktop)

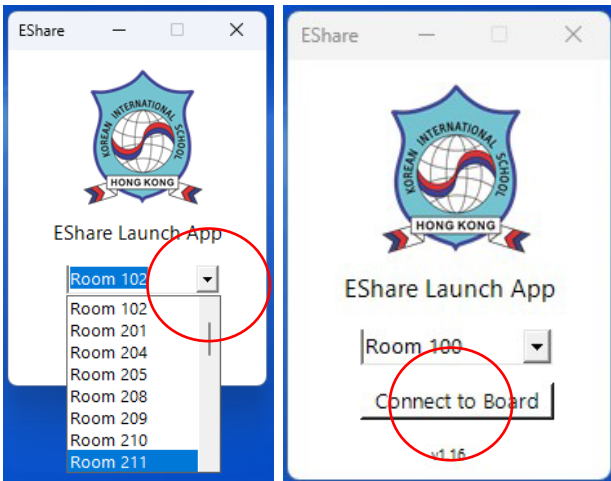

**Step 2** –

Choose the Room you are in by using the drop-down menu.

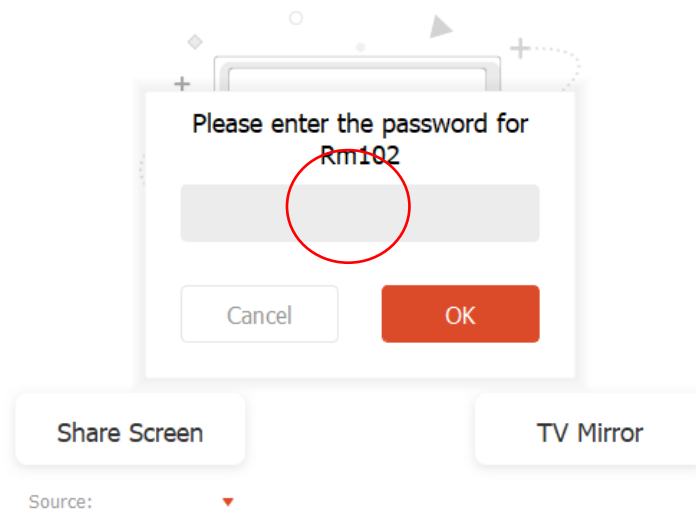

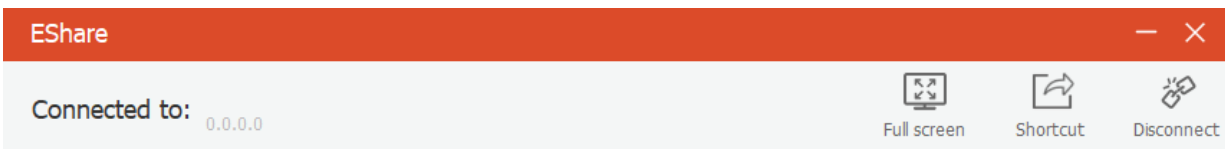

Click **“Connect to Board”**

\*\* Please use drop down, typing the room number will not work

In some Room you will be asked for a passcode, you can find that on the board.

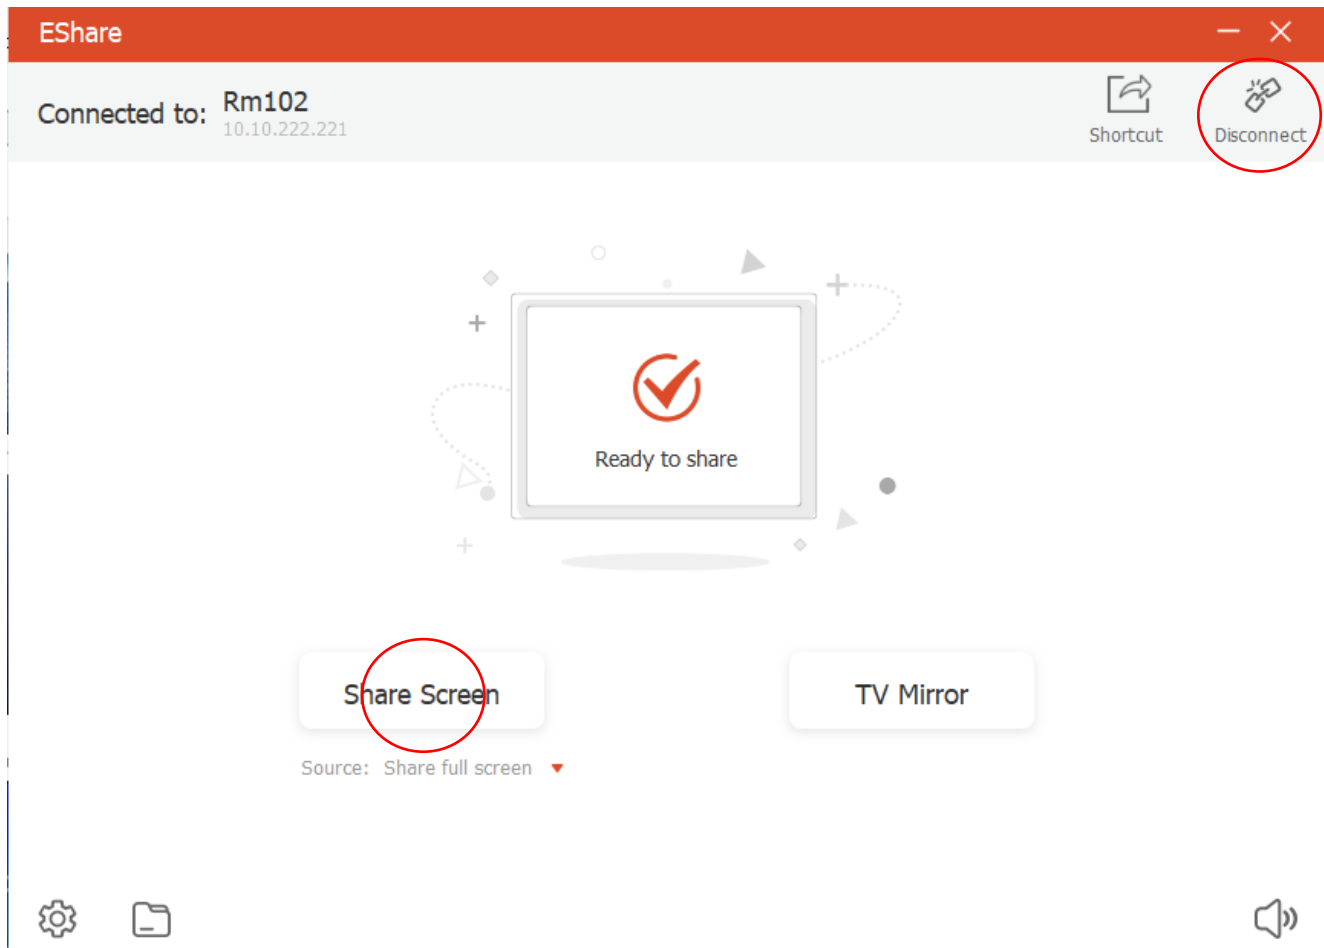

Enter the passcode, click **“OK”**

You should now be connected:

Click "Share Screen" to share your screen.

When you need to stop mirroring, click "**Disconnect**" to stop the screen share.
